

I am an amateur radio operator, call sign N3YFZ. I am concerned about the possible threat of restrictions to satellite radio which provides a needed service for all listeners in terms of news and weather. I respectfully urge the FCC to reject the NAB's petition 04-160.

I also am concerned about the possible interference to ham radio bands of BPL and am concerned that the potential interference to HF bands has been under-rated and under-reported. I urge further study before allowing BPL(Brodband over powerlines) to go forward.

Sincerely,
Mark Kalenian,
Dothan, AL
